초대의 글

정보기술의 급속한 발전은 일상생활에 놀랄만한 편의를 가져왔습니다. 그 과정에서 정보사회로부터 배제된 사람들이 존재해 온 것도 사실이며 이는 새로운 사회적 쟁점의 중심부를 차지해 왔습니다. 이번 국제학술대회는 어르신들의 정보사회 적응을 주제로 합니다. 특히, 어르신들은 정보기술을 이용하는데 상대적으로 느릴 수 있습니다. 어르신들은 이미 우리 사회에서 '정보격차'의 문제를 가장 심각하게 겪는 집단으로 나타나고 있습니다. 한국사회의 경우, 전 세계에서 가장 빠른 속도의 고령화를 경험하고 있습니다. 따라서 어르신들의 정보격차 문제는 다른 어떤 사회보다도 더욱 심각하다고 하겠습니다.

이번 국제학술대회는 지구촌의 다양한 국가들이 이 문제에 어떻게 대응해 왔는지를 공유하는 기회가 될 것입니다. 학술대회 참가자들은 정보사회의 비전과 정책함의를 어르신들의 관점에서 얻을 수 있는 계기가 될 것입니다. 시민단체, 사회복지기관, 연구기관, 정부 등에서 다양한 전문가들이 참여하여 귀중한 지식과 경험을 나눌 것입니다.

연세대학교 사회복지연구소와 Microsoft사는 이번 국제학술대회의 주관기관이며 후원기관으로서 관심 있는 모든 분들을 초대하며, 이번 학술대회가 정보격차의 문제에 대응하는데 있어 글로벌 차원의 해결책 모색이라는 관점에서 중요한 모멘텀이 될 것으로 믿고 있습니다.

Invitation

Advancement of information technologies has brought great convenience for everyday's human lives. Meanwhile, those who excluded from information society has been a new core part of social issues. This conference seeks to reflect upon adaptation of the elderly in information society. Specifically, they may be relatively late to follow up information technology and sometimes assumed to experience the most serious 'digital divide' among us. In case of Korea, which is experiencing the fastest increasing number of aged population over the world, the issue of digital divide may be more significant than any other society.

This conference will be an opportunity to share with the elderly's experience in information society across diverse countries. Participants will have vision and policy implications about the relationship of the elderly and information society. Both professionals and scholars from research communities and NPOS including community social service organizations etc. will share with their own experience.

Yonsei University and Microsoft hope all of you to participate in this conference and share your experience with us. We believe in this conference will be a significant momentum to prepare more effective solutions against digital divide for global community.

Best Regards,

Jae-Sung Choi, MSW, Ph.D.
Chair, Organizing Committee
Center for Social Welfare Research, Yonsei University, Seoul, Korea
